

BOROUGH OF JEFFERSON HILLS
PROPERTY SALE FORM - RECYCLING BINS

On September 26, 1991 the Borough of Jefferson Hills implemented a mandatory recycling program. As part of this program, glass containers, aluminum, bi-metal beverage cans and plastic bottles or jugs (PETE, type 1 and HDPE type 2) are to be separated from the municipal waste stream and recycled. For specific information on recycling, please call the Administrative Office at (412) 655-7735.

To facilitate collection of the above recyclable materials each resident in Jefferson Hills has been provided with one (1) twelve-gallon recycling bin. The brown colored bin with serial number is assigned to each residence. The bin is to be in usable condition and remain with the residence upon transfer of property. The seller(s) will be assessed a NON-REFUNDABLE replacement fee of \$10.00 per bin for lost, damaged or unaccounted for containers.

For the convenience of seller/buyer, prior to the release of the Municipal Lien Letter for the sale of the property, the buyer may certify that the recycling bin remains with the property and is in usable condition. If this form is not completed and returned to the Borough when the lien letter is available, the \$10.00 NON-REFUNDABLE fee will be imposed to the seller.

PROPERTY ADDRESS _____

LOT & BLOCK NUMBER _____ BIN NUMBER _____

NAME OF SELLER(S) _____

NAME OF BUYER(S) _____

We accept responsibility for one recycling bin at the above referenced property address.

BUYER(S) SIGNATURE _____ DATE _____
